

## SUPER SPLITTER

BY MANTICORP

The Super Splitter power bus system offers a fast, secure and reliable power breakout in a small package. The 5 way 2 conductor splitter is perfect for static color applications. The RGB 8 way splitter makes quick work of installations by eliminating hand wiring on site for the ultimate plug and play solution. On board LED power indicators let you know when the circuit is energized.

### 5 Way 2 Conductor

**Features:** Assembled with Molex Microfit 3.0 Style locking connectors and a power indicator led.

**Dimensions:** 3.2" x 1.0" (81.28mm x 25.4mm)

**Mounting Options:** High bond tape, magnetic tape or screws through mounting holes

**Color:** White with black print/connectors

**Electrical:** 24V 96W

### RGB 8 Way 4 Conductor

**Features:** Assembled with Molex Microfit 3.0 Style locking connectors and a color changing RGB LED indicator.

**Dimensions:** 3.25" x 1.75" (81.55mm x 44.45mm)

**Mounting Options:** High bond tape, magnetic tape or screws through mounting holes

**Color:** Black with white print

**Electrical:** 24V 96W
